

MyLIM – Setup & Registration of Password Recovery Information User Guide

Department: Information Technology Document Type: User Date Created: 04/13/19 Last Modified: 10/25/23 Version: 1.0

Overview

The purpose of this document is to assist users with **setting up and registering "password recovery" information** within the myLIM portal. This system functions similar to other portals / systems, like Facebook, Gmail, Banks, etc. During setup, users are now able to setup the recovery methods using:

- > Personal **cell phone** number (for text verification).
- > Personal email (Gmail, Yahoo, etc) **Do not use your LIM email address**

LIM IT Department recommends setting up both email and cell phone, but only one is required.

Process and steps for email and phone setup:

1. On the 'Welcome to the New myLIM Portal' page (<u>https://mylim.limcollege.edu</u>), click 'Sign in'.

2. Click 'LIM College Login' to continue sign in.

3. You will now be redirected to enter your LIM College email address. Click 'Next'.
